**Note** The Listeners support Christian projects, usually on a one-off basis, and support individuals in need who are engaged in Christian fields of work, or who are training for them. Preference is given to projects and individuals in and around Southampton. Grants can be made to relieve poverty but only on a basis of professional referral. Grants are not usually made to support building appeals, or for general student support, or to appeals from large national charities. Grants are usually one-off; core funding and/or salaries are rarely considered.

Please describe how your request meets the objectives of The Listeners and **how it would make a difference** to you or your organisation:

**Note** Continue on another page if necessary. Attach any supporting documentation you feel is appropriate.
